Well, you were certainly ON today! They love you! Thank you for a very full session! Here are a few comments, questions and requests from the webinar: Q: I have listened to this general webinar in the past; however, I always learn new little tit-bits!!! Q: This was the best seminar I have attended Merci! Hello I really enjoyed the seminar. I reside here in Fl. But grew up in Michigan. I had no idea Quebec; Montreal had so much to offer during the winter. I have already contacted customers and family. I am planning on taking a trip during late spring to see for myself. Thank you By the way, Sharon Simms at AAA NCNU is still singing your praises from the seminar she attended last month! *Carol Parsons, National Accounts, CANADA à la Carte, US*
