Dear Francois and all Suppliers,

Where do I start? What a 4 Day Quebec FAM! The hospitality started upon our arrival and didn't end until we left for home. Francois, you did an incredible job and I really enjoyed spending more than 7 minutes speaking with you. You represent Quebec City and Area Tourism so well.

All Suppliers should be commented for a job well done. The Marketplace was really informative and I enjoyed speaking with everyone.

Our stay at the Hotel Palace Royal was wonderful and what a nice property.

The Quebec Summer Festival is something that I think all groups would enjoy! Louis did a great job with showing us around. All the restaurants and attractions were great and I was able to enjoy new things that Quebec City has to offer. The Tree Link was so much fun and it gave everyone an opportunity to enjoy some fun outdoors and a few laughs. I can't wait to do that again.

I could go on and on, but I just want everyone to know that I think you went above and beyond with your hospitality. It was great to see some old friends and to make some new ones!

I look forward to our groups enjoying that area as much as I did. Thanks again everyone, for all that you did, promoting all the great Quebec City attractions and restaurants and all the hard work that goes into a FAM Tour.

Yours in travel,

Maria
