Dear Jean,

Well back in Copenhagen and at work again - I would like to thank you for a most wonderful and adventures trip.

I only started at Pedersen World Tours in January this year, and did not know a lot about Canada. I can now say that I know a great deal more, and especially about Ontario which is our main destination.

It will now be so much easier for me to visit all the danish agents and convince them to send their clients to Canada. And I hope it will be beneficial to the hotels, touroperators and all others who so generously made our trip so good and exciting.

Once again thank you - and I hope to see you again sometime. (Perhaps next year in Calgary!)

If you ever come to Copenhagen I hope very much you will get in contact with me.

Kindest Regards
Pedersen World Tours

Else-Marie Moller

PS: Sorry, but I was unable to make it for lunch the last days I was in Toronto. Will call you next time I'm in town.....
