Opening of the Holy Door – Québec city

ecdq.org

(See attached product profile.)

From **December 8, 2023, to December 8, 2024**. To celebrate its Diocesan Jubilee (350th Anniversary) and the history of the Faith in America, the Notre-Dame de Québec Basilica-Cathedral opens its Holy Door. Please review the enclosed profile sheet and our feature on our toolbox page.

The Holy Door is an actual door located in the wall of the Sacred Heart Chapel of the Basilica-Cathedral of Notre-Dame de Québec on the cathedral's north side. Having one is an exceptional privilege authorized by the Holy See. The Holy Door of Quebec was inaugurated in 2013 on the 350th Anniversary of the founding of Notre-Dame de

Québec parish, the first parish in North America, north of the Spanish colonies of those days.

There are only seven in the world. Six are in Europe:

1. Basilica of Santa Maria in Collemaggio, L'Aquila, Italy.
2. Basilica of Santa Maria Maggiore, Rome, Italy.
3. Basilica of St. John Lateran, Rome, Italy.
4. Basilica of St. Paul Outside the Walls, Rome, Italy
5. Basilica of St. Peter, Vatican.
6. Cathedral of Santiago de Compostela, Santiago de Compostela, Spain.
7. Notre-Dame de Québec Cathedral Basilica, Québec City, Canada.

The Holy Door of the Basilica-Cathedral of Quebec is the only one outside Europe. People from all walks of life who pass through a Holy Door do so as a spiritual itinerary. The Holy Door is linked to the pilgrimage experience, a symbol of human life, of the earthly passage towards a horizon of eternity, during which one encounters God on one's life journey. The Door symbolizes Jesus Christ, who said: "I am the Door. No one goes to the father without passing through me."

Crypt and the Chapel: Opening the Hospitallers' crypt for the 350th Anniversary of Jeanne Mance's death. The Hospitallers' crypt dates to 1861 and is a unique scene in Montreal. It is open to the public by reservation only on the 350th Anniversary of Jeanne Mance's death. This is explained by her essential role as founder of the Hôtel-Dieu and cofounder of the city of Montreal. Her remains rest in this crypt since 1861, when the Hospitallers moved from Old Montreal to the current site, now with more than 600 Hospitaller nuns who came after her.

Our Mountain Memories of Mount Royal: Produced on the bicentennial birth of Mount Royal Park's designer, American landscape architect Frederick Law Olmstead (1822-1903), the exhibit focuses on the issues linked to this icon of Montreal. It also addresses the development and preservation of Mount Royal, whose occupation by the Indigenous nations dates back more than 5,000 years. The museum offers the opportunity to continue the guided tour directly on Mount Royal with a Les Amis de la Montagne guide.

Garden: Guided Tour of the Monastery Garden: Behind the cloister wall. The Hospitallers' garden, which used to be the most crucial orchard on the island of Montreal, is still hidden behind the cloister wall that separated the monastery from the rest of society. Primarily used for growing food and medicinal plants from 1861, then gradually transformed into an ornamental garden, it played an essential role for the Hôtel-Dieu and its patients.

Coming in 2025!

The Museum of the Hospitallers of the Hôtel-Dieu of Montreal welcomes Jana Sterbak: Transplantation. Multidisciplinary artist of international renown, Jana Sterbak, exhibited regularly in Quebec and Canada, as well as in New York, Chicago, Barcelona, Venice and more. This exhibit, which will take place from **January 2025 to August 2025**, will create a dialogue between her multifaceted and complex art about the human body and the museum's collection.

Medicine and Charity: the hotel-Dieu, from Medieval Times to New France. Produced in collaboration with many hotel-Dieu in France, some of which were founded by 13th-century aristocrats, the exhibit will present the history behind the hotel-Dieu in France and Quebec at a time when the body and the soul were treated. This will be a unique opportunity to witness classified cultural heritage artifacts presented for the

first time outside France. The exhibit will take place from **September 2025 to September 2026**.

The Hospitallers' garden, which used to be the most important orchard on the island of Montreal, is still hidden behind the cloister wall that separated the monastery from the rest of society. Primarily used for growing food and medicinal plants from 1861, then gradually transformed into an ornamental garden, it played an important role for the Hôtel-Dieu and its patients.

The Hospitallers' crypt: The anniversary of Jeanne Mance's death (1673-2023)

SEPTEMBER TO APRIL

The Hospitallers' crypt, that dates back to 1861, is a unique scene in Montreal. It is open for the public by reservation only, on the occasion of the 350th anniversary of Jeanne Mance's death. This is explained by her important role as founder of the Hôtel-Dieu and cofounder of the city of Montreal. Her remains rest in this crypt since 1861, now with more than 600 Hospitaller nuns who came after her.

Multidisciplinary artist of international renown, Jana Sterbak exhibited regularly in Quebec and Canada, as in New-York, Chicago, Barcelona, Venice and more. This exhibit, which will take place from January to August 2025, will create a dialogue between her multifaceted and complex art about the human body and the museums' collection.

Medicine and Charity: the hotel-Dieu, from Medieval Times to New-France

Produced in collaboration with many hotel-Dieu in France, some of which were founded by 13th-century aristocrats, the exhibit will present the history behind the hotel-Dieu in France and in Quebec at a time when not only the body, but the soul, were treated. This will be a unique opportunity to witness classified cultural heritage artefacts presented for the very first time outside of France. PRESS RELEASE FOR IMMEDIATE DISTRIBUTION

Nincheri. From the Secular to the Sacred.

New Tour of Château Dufresne
New Temporary Exhibition

From August 2, 2023 to June 30, 2024

Montreal, August 2, 2023 – To celebrate the 50th Anniversary of master-glassmaker, painter-decorator, and fresco painter Guido Nincheri's passing (1885-1973), Château Dufresne, a museum and heritage site, proudly celebrates this artist of national significance.

Nincheri. From the Secular to the Sacred offers a new tour of the Château, from room to room, to witness the remarkable work done by Guido Nincheri, at the request of the Dufresne brothers. Château Dufresne hosts the largest heritage of Nincheri's secular artwork. Frescoes and stained-glass windows created by this Florentine artist are the major attractions of this ancient mansion, now a museum.

It took more than 18 years, roughly from the early 1920s to 1940, to complete the Château's decorative setting. To bring to light this unique work, the Museum drew upon its reserve collection. It proposes sketches done by the artist for the Château's decorative projects. These are to this day the only ones known and preserved. This new digital tour, accessible by QR Codes, puts Nincheri's work into *in situ* context, and helps us better understand his work, which was nearly lost on a few occasions.

As to Guido Nincheri's sacred artwork, it is still very present in many important sites of Quebec's religious heritage, and elsewhere. It is reflected in our new ***Sacred Nincheri*** temporary exhibition, which brings together some 40 selected original works, drawings, watercolours, studies, overlays, and sketches, as well as exclusive archival documents and artefacts from Studio Nincheri. These are some of the many ways to recognize the exceptional and at times overlooked contribution of the artist to religious art. An amazing artist based on his distinctive artistic approach and his exceptional talent.

When it comes to religious art, Nincheri is one of the most influential and most prolific Canadian artists of his time. ***The Nincheri Studio Adventure***, a video produced by Simbioz for the exhibition, recounts the career of the artist-decorator-entrepreneur, spread over nearly six decades. Principal artisan behind the development of stained-glass in Quebec, he also introduced fresco technique in North-America. As a designer and master craftsman, he decorated countless churches throughout Quebec, Canada and New-England states.

About the Exhibition

Château Dufresne will announce its educational and cultural activity programming all year long. These activities will be carried out in collaboration with various partners. To learn more, please consult our Facebook page.

This exhibition was made possible through funding from the Fonds du patrimoine culturel québécois, under the Call for and Assistance Program of the ministère de la Culture et des Communications du Québec, for support of commemoration initiatives, Canadian Heritage, and the David M. Stewart Foundation. Château Dufresne wishes to thank these entities for their precious collaboration: the Nincheri family, the Québec Religious Heritage Council, Bibliothèque et Archives Nationales du Québec, the Historical Society of the North Shore, the Église Sainte-Amélie Corporation of Baie-Comeau, Encadrex, the Montreal Museum of Fine Arts, and the Sisters of the Holy Cross Museum.

About Château Dufresne, a Museum and Historical Heritage Site

Château Dufresne is a magnificent twinned residence, of Beaux-Arts style, inhabited, during the first half of the last century by a prominent French middle-class family. It once hosted the very first Québec National Contemporary Art Museum, before becoming a museum and heritage institution of its own.

**EXHIBIT 2024 AT THE
SAINT MARGUERITE D'YOUVILLE SANCTUARY**

Starting in June 2024, a new temporary exhibit entitled “The Daughters of Marguerite Pioneers in the West” will be presented at the Saint Marguerite d’Youville Sanctuary in Varennes.

In 1844, four Grey Nuns from Montreal left for the Red River in Manitoba, now Winnipeg, to help the small colony of 6,000 inhabitants. The Sisters of Charity (Grey Nuns), a community founded by Marguerite d’Youville, had responded affirmatively to a request from Bishop Provencher of Manitoba, who had come to Montreal to ask for Nuns to be sent to the West. The idea of sending a contingent to the territory explored by their Foundress’ uncle and brother appealed to the Sisters.

The exhibit recounts the adventures and events that marked this period. The Sisters trained women in household chores, taught children, and cared for the poor and sick.

Beautiful illustrations from the period bring life to the exhibit. It will be on display for two years.
