PLAINS OF ABRAHAM

An urban park and a historic battlefield

The scene of the battles of 1759-1760, the Plains of Abraham are a major historic battlefield linked to the tumultuous colonial History of North America. Apart from its historical past, the park is to Québec what Central Park and Hyde Park are to New York and London: a city park of outstanding value, the lungs of the city.

Battles 1759-1760 all year long

Explore the history of the Siege of Quebec, the Battle of the Plains of Abraham and the Battle of Sainte-Foy. In an interactive setting, discover the crimes, punishments, and laws of the time. Then, during an immersive projection, listen to the stories of those who lived through the battles.

Québec 1775: Blizzards and Battles until January 11, 2026

Dive into the surprising story of the American invasion of Québec City during the winter of 1775. Six artists interpret the key moments with sensitivity and creativity. A journey back in time that is both fascinating and moving!
